**Re: Sale of House**

Dear Richard,

Jami and I want to thank you for your outstanding performance as our real estate agent during the sale of our home. Moving typically is a stressful event, yet you took ownership of the deal so that we did not have to worry about anything. You added a professionalism to our transaction that I otherwise thought was lacking, and were able to lead the deal to closing in a smooth and timely manner. I would wholeheartedly recommend you to friends and former neighbors in the Weston area who are looking to buy or sell a home.

Very truly yours,

Andrew Huber
